A MESSAGE FROM

LELAND SMITH, OOTC PRESIDENT

OOTC has had a good year! Our active membership has increased, we have operated in the black, our Student Educational Assistance Program Fund has increased, and thanks to our OOTC Treasurer, Lee Knirko, W9MOL, we know where we stand financially. I can never say enough good things about the dedication and service of Bert Wells, W5JNK, our Executive Secretary.

As long as our active membership renewals and new members exceed our losses due to death and members failing to renew, we will continue to grow in total membership as we have in 1995.

We are now exchanging courtesy publicity ads with the Society of Wireless Pioneers and Quarter Century Wireless Association publications and this is good for all three organizations. We are also running an ad in World Radio. Bert tells me we are getting responses from these ads.

I have some thoughts on recruiting new members in OOTC. Some of you are active in local radio clubs and here is where you can mention OOTC to the more senior amateurs. I always take OOTC applications with me when I visit a radio club. Ham-fests are another good place to recruit members. Oftentimes, it is possible to share a table with QCWA and/or SOWP and place our flyers and OOTC applications on the table. Lastly, when you are in QSO on CW, on phone, or otherwise and you are talking with other hams with obviously earlier call signs, ask them when they made their first wireless contact and if the person is eligible tell him or her about OOTC and volunteer an application. Bert will send you forms or you can copy the one on the back page of SGT. I have managed to secure several new members through the means mentioned. How about you trying them also? You will be doing OOTC a service.

I said at about this time last year that 1995 would be a great year for OOTC. The same can be said about 1996. With your continued support and help, 1996 can be an even better year for OOTC.

Leland Smith
PRESIDENT W5KZ

WALTER P. CAMUSO, W1ESN, #1482, 1915-1995

Walter P. Camuso of Vero Beach, FL., a retired typesetter for the Boston Globe and veteran of World War II died September 24, 1995 in his home.

Born in Lewiston, Maine he was a former resident of Stoneham, ME. He served in the Navy for 14 years. He leaves his wife, Marge; a son, Stephen; a daughter, Eileen McGranahan; a sister, Alice Camuso; and five grandchildren.

Licensed W1ESN since June, 1932, he became a life member of OOTC on September 28, 1972.

ALVIN B. UNRUH, W0AWP ("9BIO"-1922), #2956, 1906-1995

With a sad heart I announce the passing of AL, W0AWP. His sister was most kind to send me a copy of the funeral announcement. She also noted cause of death, kidney failure.

Al was a regular on the QCWA CW net and was active on the CW bands and the QCWA QSO parties. His last couple years were not the best, as he lost his XYL a couple of years ago and then developed leg problems due to poor circulation and had to give up driving. His arthritis and poor hearing was a big problem to him and he had been investigating a place to live with care.

I'll surely miss him, calling in on the net with his very distinctive fist!

73, Hank, W13U, #2717

GEORGE LANE ELDRED, W9GS ("9AWQ"-1923), #572, 1908-1995

"Lane" was "9AWQ" and first logged QSO with "9MC" January 27, 1923. Before that in 1922 had Ford spark coil xmitter using call "LE" and fooled around with "cat whisker" receivers. First serious ham receiver honeycomb coils 1-tube receiver. Xmitter 5 watt with AC on plate.

Communications officer Cdr. USNR (Ret.) Was communication-signal officer Utah Beach, on Staff of Adm. Krik in ETO, Staff Adm. Turner in Pacific.

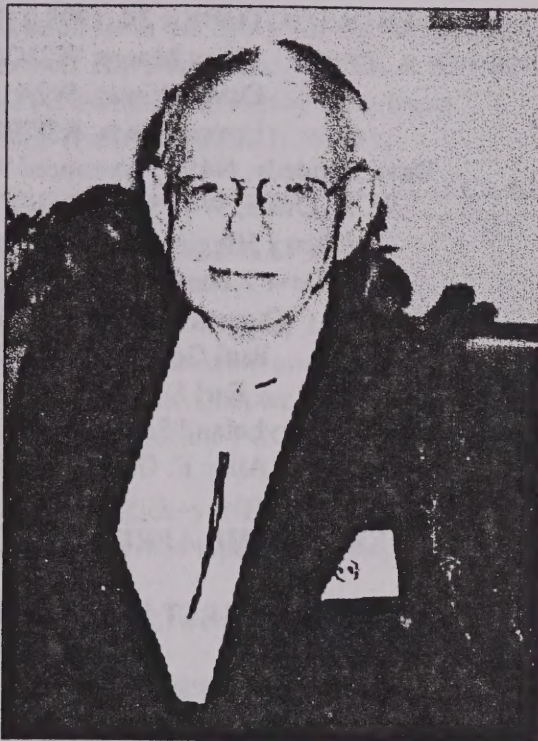

SPECIAL REQUEST

All members are encouraged to check into the OOTC CW TRANSCON net on Fridays.

14,050 kHz 1800 UTC, NCS W8CCN. Band conditions have been very poor so don't be discouraged. Stick with Tom and keep trying. Help him build the net into a going operation. Current conditions can't last forever. - de W6NKE/W8CCN

EDWARD M. PERRY, N6HNO, #2126

Meet Ed, "8CIG" / "8DHX" in 1922.

Grace Line 1927.

Holds OOTC 70 year pin.

OOTC member Vlady Petukhov, UA4ZA, #3301 has QSO'd 42 OOTC members.

This is a great accomplishment. The Secretary would like to have the honor of sending a certificate to anyone who has contacted 50 OOTC members.

To OOTC - My thanks to all of you. My dear wife Esther received 585 "Get Well" cards. We were married 63 years and a wonderful marriage it was. Woody, W9GJS, Son David, XYL Linda and 3 grandchildren.

JAMES E. "ED" HARNEY, K4DRN, #1603

I started my operating at Chanute Field, Rantoul, IL in the Army Air Service in 1924. Graduated in a class No. 6E, with seven other men. Have since had W9PEK & K4DRN. If any of these class members belong to OOTC I would like to hear from them.

Write me at the Illinois Masonic Home, Sullivan, IL 61951.

RALPH CABANILLAS MEMORIAL OOTC CHAPTER 2

On October 22nd the Ralph Cabanillas Memorial OOTC Chapter 2 held it's fall festival at the Long Beach Yacht Club. As the result of discussion and unanimous vote, Ralph's call was eliminated and his name added to the Chapter title. It was felt call letters are now of transient value, especially in view of the FCC Vanity Call Sign program.

Certificates of appreciation were presented to Bob Rickey, NF6P, and Bob Richardson, W6WHM, for their efforts in making the video tape of the Chapter Spring Festival.

Ken Johnson, W6NKE, and Arch McGregor, W6AGZ, were re-elected as President and Secretary/Treasurer, respectively, for 1996.

Halloween table decorations were made by Helen Windham, N6ZLL, for the affair.

There were only 21 in attendance. This was due to illness of a number of regular members.

DWIGHT W. "BILL" SMITH, W5USM, #3336

Born August 4, 1939. Spouse Norma. Other calls KN0CER, K0CER, YN1DW, ZF1DT, KL7ABR, K4AYO. Was employed in television/radio news from 1960-1972. In 1972 became employed in cable television as sales engineer. During 1965-1973 wrote QST's monthly column "World above 50Mc."

During my work have traveled extensively in North/South America, Asia and the Pacific. Continue active in ham radio nearly everyday with DX my principal interest. Life Member ARRL - Honor Roll.

I discovered shortwave radio on my parents' floor model RCA all-wave radio in 1950, the same year television broadcasting came to central Iowa from WOI-TV on the campus of then Iowa State College. The 75 meter stations were very loud. I remember the mostly fantastic AM modulation quality of homebrew plate modulation or of the vintage E. F. Johnson and Collins transmitters.

After mother's Christmas present of a Hallicrafter S-38C I became KN0CER and earned one of the early novice-class WAC awards and soon a few ARRL and CQ DX contest certificates. The VHF bug bit in 1957. College and studying broadcast journalism kept me QRT from 1958 through 1962 except for listening to the original OSCAR, a few contests and some summer operation.

Entering the workforce in 1963 I returned to the ham bands soon thereafter trading-off the coveted Johnson Viking AM/CW transmitter and HQ-140XA to Leo Meyerson, W0GFQ, for his Galaxy 300 SSB transceiver and time payments. Those sideband signals sounded horrible to me, but they sure worked DX. Now 'phone DX was only 10 dB down from CW! With appropriate upconverters I worked much 6 and 2 meter and 432 DX.

I spent 12 years all told in broadcasting, an education mostly paid for by pushing a studio TV camera around at Gene Autry's KOOL-TV in Phoenix or KAET-TV at Arizona State University. I played newsman chasing cops, firemen and politicians around South Dakota and Florida filming and writing copy for the handsome air talent. During this time I wrote QST's VHF column for nearly seven years.

In 1973 amateur radio connections led me to cable television where I remain. Sales engineering for a cable television equipment manufacturing company with considerable International travel the past five years. I learned how huge the Pacific really is; it takes much less time to work a BY than to fly to Beijing!

Active DXing the past eight years, climbing to 336 worked, most on 20 meters. Another enjoyment is talking with old DX and VHF friends on 160 meters around the country and at home in Iowa. Everyone seems to show up on 160 sooner or later!

Thanks to General Leland Smith, W5KL, for nominating me to OOTC. My QCWA certificate also has his signature as president! 73, Bill
